

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each global industry. Transporting industrial goods happens each day on our busy planet. Originally innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread worldwide.

In 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Presently the business is simply known as TCM Corporation. Over the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the business. TCM began constructing lift truck manufacturing sites outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures various models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products recognized and used all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading company.
