

Rockwell Parts

Rockwell Parts - AxleTech International is a premier provider in the world of specialty vehicle drive-train systems and parts along with off highway vehicles. The business prides itself on being its clients' preferred supplier. AxleTech strives to exceed and meet their customers' expectations for service, technology, delivery and quality. They believe in working within an atmosphere that encourages the highest integrity with empowered teamwork, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of ecological safety and stewardship in how they do business. The business has put various programs in place so as to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whichever comments or questions, because they are glad to promote and share this policy with a greater knowledge of their efforts. They are very committed to improving and preserving the natural environment. AxleTech has an EHS program which not only protects the natural world but which also actively protects their staff and neighbors too.

AxleTech specializes in the designing and manufacture of planetary axles used for both commercial and military applications, which can comprise anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider also. AxleTech particularly designs axles to meet certain application demands. They have more than 1000 different axle specs in their existing offering. With more than 100+ years of experience and history, AxleTech proudly supplies the most complete solution for any of your axle needs. The company is well known in various military and commercial applications. They provide complete axle assemblies utilized for aftermarket replacement needs, along with servicing axle requirements for OE production. Their high mobility ISAS have added details that could be seen in the "ISAS" product selection.
